Celebrating Children

"You are a Builder"

Helping a child is like building a house  
into the future for children.

Families provide the foundation,  
Teachers have the job of providing the framework.  
The framework involves sturdy walls of knowledge  
that will be a strong base for success,  
and also windows of hope into the future.

## A LETTER FROM THE DIRECTOR

As I write this it is the first full day of Fall. We have been back at school for almost two weeks already and we are having a wonderful time. It was lovely to see all our "old" friends again and to get to know "new" ones. I am excited for a good year at CDLC filled with love and learning together.

Fun was had by all last night at our annual Family Fun Night. It was a joy to see so many smiling faces who came out to join us in spite of the chilly temperatures. We ate, we sang, we danced and most of all enjoyed the company of all of our new friends. Who could ask for anything more?

## Celebrating Children October Curriculum

The whole month of October we will be spend a lot of time learning about our world.

**Science:** We will spend the first two weeks learning about trees, leaves and seeds, followed by a two week unit about air, water and land.

**Music:** Introduce the tone blocks, wrist bells and triangles and add them to fun holiday songs.

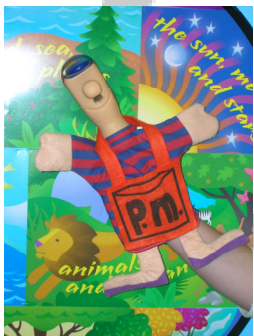

**Motor:** We will be going outside everyday until the weather forces us indoors.

**Christian:** Themes will center on "Creation".

## RECIPE OF THE MONTH Rocky Road Pudding

- Mix the vanilla or chocolate pudding according to package directions.

Add mini marshmallows and cereal to make the pudding rocky.

### P. MOONEY

Your children may have come home talking about going to see P. Mooney. P. Mooney is a language arts program used here at C.D.L.C. The children visit P.

Mooney (a puppet) once every two weeks for a half hour. There will be stories, lessons about personal safety, bike safety and much, much more. The teacher of this program is Barb Courtright.

## FORMS, FORMS, FORMS

We applaud the parents on turning in their forms so promptly! It is very important that all paperwork be filled out completely and turned in ASAP, both for your child's protection and for the school to comply with state guidelines.

## GitsSmart Computer Classes

We had a fabulous response to the Computer classes offered by GitsSmart.

It is not too late to sign up. Call Bob at 952-898-5880 Or email him at [bob@gitssmart.com](mailto:bob@gitssmart.com) for more information.

**PARENT CORNER**

In order for children to be successful in school it is so important that parents are actively involved in their children’s learning. To do this you must create good habits at home. Here are a few ideas ...

- Make time after each school day to look at school papers with your child and read notes from the child’s teacher.
- Place the school calendar in a prominent place and “read” it every day so you know what is coming up.
- Prepare for school by helping choose a show and tell item or working on a project together.
- Share conversation at dinnertime. Ask conversation starters like ... What was the best thing that happened to you today? Or share one new thing you learned today.

**Recommended Books**

*(These books will be available for purchase at the Scholastic Book fair during conferences).*

- “When the Leaf Blew in” by Steve Metzger
- “Brown Bear, Brown Bear, What do you see?” by Bill Martin Jr.
- “There was an Old Monster!” by Rebecca, Adrian and Ed Emberley.

**NO NUTS AT SCHOOL**

We have several children at CDLC who have severe nut allergies. We have eliminated all nuts from our program. When purchasing snacks or birthday treats for a school event that involves a child who has a peanut allergy, please read all ingredients carefully. Avoid snacks that contain peanuts, peanut flour, and peanut oil.

Below you will find a list of snacks that are peanut-free at this time. It is always important to read ingredient labels since manufacturers change production methods.
